PROFESSIONAL SUMMARY

Hi, I'm a MERN fullstack web developer who is passionate about technology. I write clean, industry standard and readable react and javascript codes to improve functionality and I always follow the docs. Having learnt from Top Professionals like John Smilga (from Coding Addict), Javascript Mastery and Traversy media, I've stacked up hands-on experience with modern React Practices, TailwindCSS, SASS, Axios, Data Fetching, Database Query, SEO, React-Redux, and ES6 modern javascript practices.

EDUCATION

December 2014
Diploma In Computer Science
Delta State Polytechnic, Oghara

December 2019
Bachelor Of Science (B.S.) In Computer Science
University Of Abuja, Nigeria, Abuja

EXPERIENCE

January 2021 - Present

Full Stack Web Developer (Intern)
Soft Phoenix Enterprise, FCT, Abuja

- Build RESTful API to showcase CRUD functionality
- Used middlewares to set up modern error-handling techniques such as async errors in NODEJS
- Used Postman to test Api routes and Morgan to track http routes for errors
- Used JSON web tokens to transmit sensitive data
- Implemented authentication and authorization with jwt
- Maintained consistent json format to send responses to front-end
- Verified front-end code functionality across browsers and platforms.
- Developed custom websites to meet individual client needs.

February 2019 - Present

React Frontend Developer
FreezePoint QA, Ikeja, Lagos

- Maintained existing react codes, upgraded from using styled components to tailwind
- Created reusable components with clean folder and file structures
- Managed state with react-redux, to replace the existing reducers and context API
- Improved data fetching with axios and proxy for endpoints
- Improved existing codes with modern ES6 Javascript concepts
- Improved pages structure and routes. Set up private routes for specific access

March 2020 - February 2021

Supporting IT (NYSC)
NITDA, Abuja, F.C.T

- Verified order accuracy and tracked company shipments to confirm on-time arrivals.

- Utilized statistical analysis to gauge company productivity.
- Greeted visitors upon arrival and directed guests to appropriate facility locations.
- Instructed new employees regarding company policies and job duties.
- Troubleshoot minor problems and reported larger technical issues.
- Updated account information in company databases.

June 2018 - December 2019

Front End Developer

Soft Phoenix Enterprise, Abuja, F.C.T

- Wrote supporting HTML, CSS and JavaScript code for web applications and websites.
- Maintained understanding of current web technologies and programming practices through continuing education and participation in professional conferences and workshops.
- Conferred with management to prioritize needs, resolve conflicts and develop content criteria.

October 2017 - February 2018

Graphic Design Intern

Lucious Digital Enterprise, Warri, Delta

- Maintained archive of images, photos and previous work products.
- Utilized job-related computer software to generate new images.
- Studied illustrations and photographs to plan presentation of materials and products.
- Developed graphics and layouts for product illustrations, company logos and Web sites.
- Prepared illustrations and rough sketches of material, discussing them with clients and supervisors and making necessary changes.
- Planned presentation of materials, products and services.
- Created designs, concepts and sample layouts, based on knowledge of layout principles and esthetic design concepts.
